# General Pattern Information

You may use this pattern to make as many of the project as you like. You are free to use any technique including mass production to build the project. The pattern may be copied and given to others provided the entire book is kept intact. You may not sell the pattern or include it in another commercial package of any type.

Steve Good retains the right to the pattern. If you have any questions about the use of this pattern please contact me at [steve@stevedgood.com](mailto:steve@stevedgood.com)

When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the “Page Sizing & Handling” section. Make sure the “Actual Size” is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the “Pages to Print” section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

## Printing Instructions

### Page Sizing & Handling ⓘ

Size

Poster

Bread Basket

Stack cut where possible to speed up the cutting.

Round over the pivots on the handle so it pivots easily.

When you do the glue up make sure the lettering on each end piece is installed so they are readable from each end.

Glue all the slats in one end first. Install the handle without glue.

Line up and glue on the other end.  
Make sure the handle pivots easily before the glue up.

1/4" Thick

Cut Two

BREAD BASKET

1/8" Thick

You should be able to stack cut at least four at a time.
